

RONGEN[®]

R125BT70

R125BT85

One "high cleaning efficiency" qualified auto ride-on floor scrubber. Through practice, its cleaning efficiency is equal to 2 sets big size walk behind floor scrubbers.

R125BT70/R125BT85

Auto Ride-on Floor Scrubber

Advantages

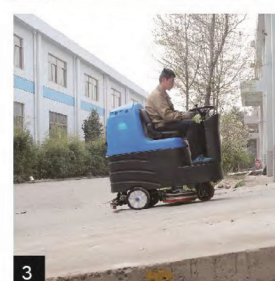

-  One charging can clean ten thousand square meter area, create efficiency and value.
-  Driving car to do cleaning, quiet and comfortable.
-  Advance clean technology, improve cleaning hygienic level for the working area.
-  Easy to operate, do not need any special training.

- Figure 1: Intuitive instrument button, easy to operate even for unskilled worker.
- Figure 2: Arc-shaped squeegee with aluminum alloy die casting leak proof design, make sure waste water will not be leaked out.
- Figure 3: Machine work max gradient at full load is 22%.

Technical Specifications

Model	R125BT70	R125BT85
voltage/ propelling system	24VDC/400W	24VDC/400W
Brush/vacuum motor	400Wx2/550W	550Wx2/550W
Solution/recovery tank capacity	110L/125L	110L/125L
Cleaning path	700mm	800mm
Squeegee width	960mm	1120mm
Productivity	4200m ² /h	4800m ² /h
Weight	360kg	368kg
Rotating diameter	2400mm	2400mm
Dimension	L1500xW800xH1330mm	L1500xW900xH1330mm
Standard accessories	battery x 4 floor brush x 2 pad holder x 2	battery x 4 floor brush x 2 pad holder x 2
